# EcoSavers® Countdown Timer 22H

The EcoSavers® Countdown Timer helps you to save energy in a simple and easy way.

You can select the requested time by turning the wheel and the electricity will cut off when the time is reached.

Want to charge the battery of your laptop knowing it will be fully charged after 2,5 hour ? Just select 2,5 hours countdown time (switching off) and after 2,5 hours the electricity will be automatically cut off.
