

SHOWER CALCULATOR TIMER

ECOSAVERS

EcoSavers® Shower Calculator Timer

Another innovative product EcoSavers®, the Shower Calculator Timer.

Reducing showering time is the easiest and fastest way to save energy and water. A showertimer is a perfect companion to help you and your family to change behaviour and reduce showering time.

But would it be great if you can also see the direct results of this changed behaviour ?

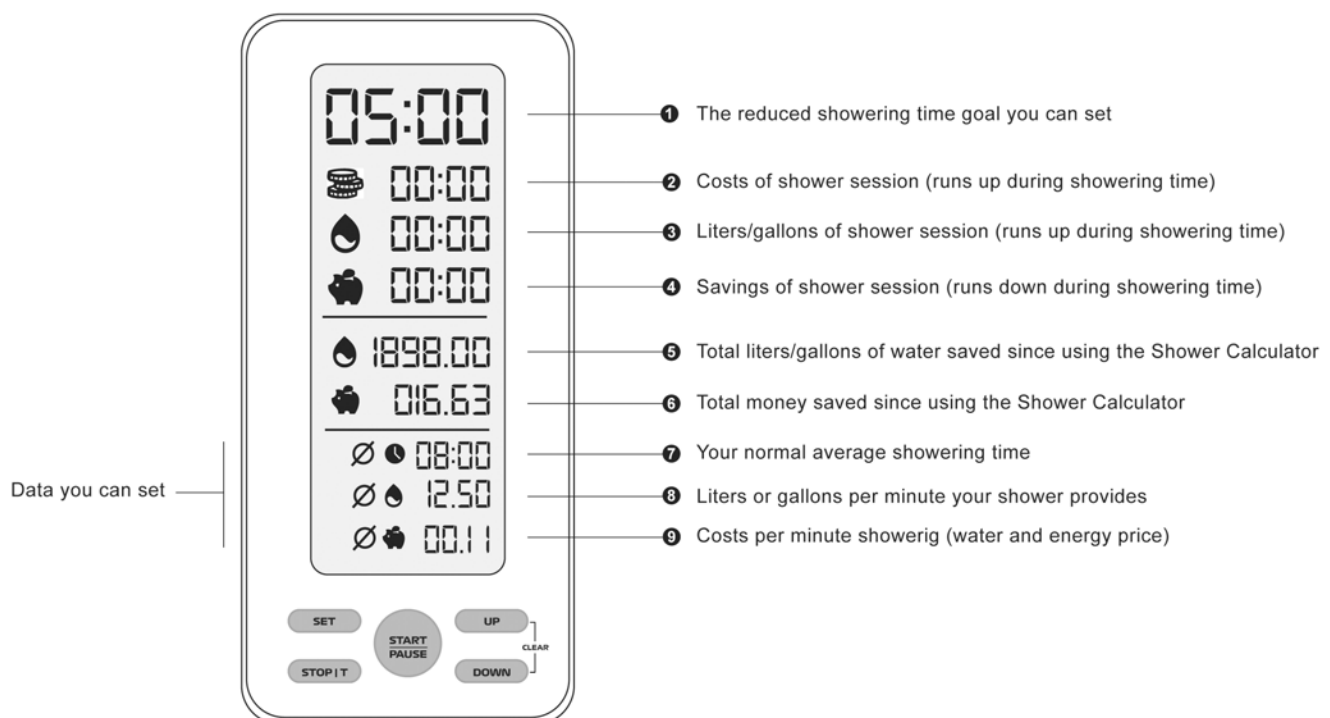

Now the solution is there, the Shower Calculator Timer. With this clever device you get information about the costs and saving per shower session and you see the results as total since you start using the Shower Calculator. Tailormade calculations, based on your own setting of your personal situation.

Now you can also set goals with your family and give rewards once a goal is achieved. This make energy and water saving fun and educational for children.
