

ENERGY LABEL GAME

ECS SAVERS

EcoSavers® Energylabel Game

The energylabel game is an exciting card game which can be played with 4 persons.

Every person starts with the G-label.

Answer questions in the themes

- electricity saving
- gas/oil saving
- water saving
- transport
- symbols

When you answer the question correctly, you may go 1 label level up.

The first person that reaches the A-label wins the game !

Educational for children and adults as well. By answering the questions, you learn a lot about energy saving. Children also learn to recognise the energy label, and they will know that A is the best, because when you reached the A-label you win the game !
